Late again. Somehow, somewhere along the way, WiFi became a necessity. When did that happen? Like criminals we are poaching the WiFi from the parking lot of a hotel along the route...

This is the route.

That's why we're doing "Critter Review".

Elk - U.S. 180. Just up the road from an SUV with a crushed front end.

Condor - Grand Canyon.

Black-tailed Prairie Dog - U.S. 66. One of several on the road that were alive.

Lizard - Kolob Canyon. Chased us until we took his picture.

Some Bug - Zion

Pronghorns - U.S. 64. They ran away from us.

Canyon Wren - Kodachrome Basin, UT.

Pinon Jay - Grand Canyon

Squirrel - Grand Canyon. Could hardly see its ears.

Toad - Zion. Big as your thumb.

Pony - Flagstaff AZ.

That's all.
