You ask? We Answer.

Dear D&S,

How do you retired people afford to take so many vacations?

*From Curious.*

Dear Curious,

Apparently we have to give you a lesson in retirement finance. There are two elements of your retirement fund: living expenses and emergency money. We are spending our emergency money as fast as we can so we don't have to waste it on an actual emergency.

Dear D&S,

Do you old people use PED's?

*From Rude and Nosy.*

Dear Rude,

Yes, we recommend them. Our favorites are: 1,3,7-trimethylpurine-2,6-dione *and* 6-(hydroxymethyl)oxane-2,3,4,5-tetrol *and* (2-Hydroxy-4-methoxyphenyl)-phenyl methanone. Proud to say, we have never failed a drug test. Of course we have never been given a drug test.

Dear D&S,

What is your next goal?

*From Vicarious.*

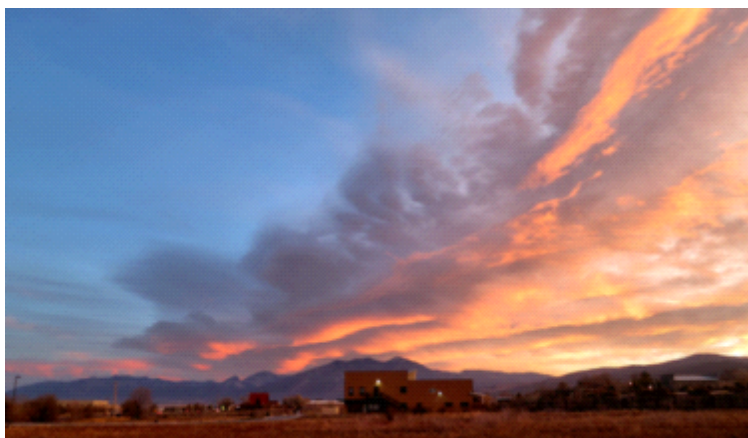

Dear Vic,

Let's wait until we get by this Mayan 2012 thing before we make any new plans, OK? Thanks for asking.

We are home. We are tired. Goodnight.

– D&S

Okay, okay, one more picture.

Taos, yesterday morning. We don't even particularly like Taos, it was just on the way...
